See your research on the world stage

INTERNATIONAL CONFERENCE OF UNDERGRADUATE RESEARCH

Sept 29-30, Clayton
See your research on the world stage

CALL FOR PAPERS – ICUR 2015

We are pleased to announce the Call for Papers for the 3rd annual International Conference of Undergraduate Research (ICUR 2015), which will be held concurrently in Australia, the United Kingdom, Singapore, Malaysia, Japan, South Africa, and the United States at various partner universities in each country.

ABOUT ICUR

ICUR is a Monash-Warwick Alliance endeavour, spanning two days, with conference presenters from across the world linked together by cutting-edge video-conferencing technology. It is an exclusively undergraduate forum designed to showcase the best in undergraduate research from across the globe, and to provide a supportive yet critical environment for talented young scholars. The theme of the conference is “Current research issues in your discipline or area”. We welcome submissions from all disciplines and perspectives that contribute to the conference theme.

WHY ICUR?

ICUR is an opportunity for students to:

• Internationalise their university experience by presenting on the world stage
• Understand how to articulate the importance of their research across disciplinary boundaries
• Develop an appreciation of how local specificities or global imperatives shape their research area
• Connect with the current research issues from multiple disciplines across the globe
• Get published in the universities’ undergraduate research publication Reinvention: an International Journal of Undergraduate Research
• Win a stipend to travel to the UK to present your research
• Gain support and training in writing a conference abstract and delivering an effective presentation
• Learn how to maximise their research potential through academic publishing avenues by attending workshops offered to both presenters and attendees
We anticipate diverse contributions to make ICUR 2015 a conference to shift your thinking, expand your network, and transform the way undergraduates approach their research.

**HOW TO APPLY**

- Please email a 250 word abstract for either a spoken presentation or a poster presentation to Kirra Minton at kirra.minton@monash.edu. The application must include the name and degree program of the student.

- If applying for the stipend, add a 500 personal statement at the submission page and your academic transcript (WES copy is fine); students who presented last year and would like to present again in 2015 are eligible to apply for a stipend.

- Contact us to get involved as a conference volunteer.

Presenters must be enrolled as undergraduates at Monash as of September 2015. Honours students are considered undergraduate students for the purposes of eligibility. **The closing date for submission of abstracts is May 22, 2015.**

*Stay tuned via www.icurportal.com, Twitter (@ICUR15), and Facebook (ICUR Students) for updates and to view presentations from ICUR 2014.*
